A night to remember - a walk down memory lane. The first annual Senior Prom will take place at Baptist Village Lake Texoma Monday, February 8. The event will be hosted by the Madill Daughters. This will be a time for residents to revisit their high school days, dress up and enjoy some great food and music.

There is always something fun going on at Baptist Village, whether it is residents gathering to exercise, play games, enjoy a great

lunch, bible study, sing, handbells or listening to music when we have groups in. We also have a lot of fun when we go out to eat or on a road trip.

Most of all, we enjoy the friends and fellowship that we share each day as we visit and share our joys and needs with each other.

That is what families do! There is definitely a family atmosphere here at the Village, and a great spirit of togetherness among the residents.

If you are looking for freedom and friends, a home with no maintenance, taxes or worries, then come see Baptist Village Lake Texoma. Have lunch with us and get to know the residents and you will quickly see why I often hear the phrase, "I wish I had done this years ago!"

Thank you to each of our team members for serving at Baptist Village! You enhance the lives of the residents by volunteering your time, talents and resources. I look forward to a wonderful year serving the residents with each of you.

CHAPLAIN'S CORNER

2010 has taken a running start! Seems like yesterday was Christmas, and Spring and Easter are now just around the corner! Where does the time go? Do you ever find yourself overwhelmed? Well, we are now focusing on one thing - serving our Savior. Instead of lots of projects, we have cut out a lot of things that don't pertain to serving the Lord and have modified some of the things that do!

We tithe from our income and give offerings on a regular basis, but income isn't all God gives us. What about our

time? Do we wisely use the time He gives us? If we were to offer 10 percent of our time to Him, how much time would we give Him? There are 24 hours in the day. 10% of that would be 2.4 hours, so let's use an even 2 hours.

How would we use 2 hours to serve the Lord? One hour of that could be used for quiet time and one hour used for doing something for others, like calling a shut-in who is lonely or who needs help doing chores, or comforting someone who has lost a loved one or visiting those in care centers or hospitals. That hour

could be used for praying for others, our country, our government, or our soldiers. Our own children and grandchildren and their friends need to hear about Jesus, too. An hour goes fast doing any of these things.

The things I remember most are the things that had to do with serving God. Knowing I made someone smile or brought some comfort into their life is most rewarding. I don't remember all the time I wasted with frivolous things, but I remember all of the times I have blessed myself by bless-

ing others ~ right down to the smile on their face, the tears on their cheeks and the love in their eyes! So, when I say, "Have a blessed New Year," you know what I really mean, right? Let's all focus on Jesus and be about our Father's business in blessing one another!

Our love and prayers are with you always. ***"It is more blessed to give than to receive."*** Acts 20:35
